

STIEBEL ELTRON

Storage Water Heaters

PSH 100 Si... Advanced technology impressive energy saving performance and unique wall mounted design makes it easy to consider a PSH 100 Si unit for your home. This unit is exclusively manufactured by Stiebel Eltron, a pioneer and leader in water heating technology for the past 80 years.

Applications

Homes

Apartments

Various Commercial Uses

Advantages

- Wall mounted design frees up floor space and prevents rusting usually associated with regular storage heaters.
- Once hot water has been used, it automatically heats up the incoming water.
- Adjustable temperature range from 35° to 65°C
- Is encased in an enameled container with a protection anode which ensures a long life expectancy.
- Steibel Eltron has an enviable track record of engineering excellence and offers a three year parts warranty.

STIEBEL ELTRON

SPECIFICATIONS:

Colour	White
Type of Unit	Pressurised (closed)
Nominal capacity	27 gallons/100L
Permissible operating pressure	87.0 PSI 6 bar/0.6Mpa
Dimensions (H/)	35.8/19.9 ins. 910/505mm
Weight (empty)	68.3 lbs./31kg
Weight (full)	288.8 lbs./131.0 kg
Amount of mixed Water at 40...C	50.2 gallons 190 L
Wattage	2200W
Voltage	220V
Heating-Up Time (Cold water intake of 15°, Temperature setting of 65°C)	2hr. 55 mins.

New Generation Spare parts PSH 100 Si Wall Mounted Unit

Item Designation

- 1 Heating flange - 2200 W
- Flange gasket
- Heating element
- Protection anode
- 5 Wall bracket
- 6 Thermostat
- 9 Cover
- 10 Spacer
